MESSAGE FROM THE CONVENTION CHAIR

It was TIME to take it up a NOTCH.. ..And so we did!

WE live in a world that is sensationally connected, with an exceptionally fast communications transfer, and an equally swift reaction time. And YOU and I can seriously leverage on this and make a dent!

Each year's Convention at APSS is like a bridge, for closing off the past year and deep diving into the next year. Immense new learnings or reinventing old strategies to put into action for next year.. And some revisions of going back to basics and keeping it simple.

Our members have made tremendous contributions to the cycle of knowledge creation, skills enhancement, empowering professional speakers and giving back to the community, besides serving the corporate and personal development industry as a whole. Am proud to be a part of such a passionate and purpose driven community.

Looking forward to acknowledging and celebrating our wins and progress together, extending our networks,

creating value and also exploring current and future directions of the KNOWLEDGE economy.

am sure you will walk away inspired with new insights and ideas, fresh perspectives, refreshed and relaxed, and a whole lot of dynamic energy created with the vibe that APSS has to offer!

Looking forward to #RECONNECTING with you all, current and past members, non- members, industry partners, sponsors and all others too! I plan to and would love to meet everyone there, so do come and say hello if you see me, anytime you can!

Cheers and let's make an IMPACT like never before!

Time to get fired up!

ABOUT APSS

THE APSS EXPERIENCE

The experience you will have at an APSS Convention or by being mentored by members of the association is unparalleled. Just attending a monthly meeting can be transformational; a complete stranger may offer you support, advice or insight to jump start or develop your speaking business.

This is the Spirit of APSS – to make the speaking pie bigger by making sure speakers are better!

APSS is led by the members for the members. Each year a new Executive Committee (Exco), lead by a President (currently Tay Guan Hin) is elected to serve the association. It is a truth that you get from the association in proportion to what you put in, and this is another aspect of the 'Spirit of APSS' – service, because service leads to growth.

PAST ATTENDEE TESTIMONIALS

Fredrik Haren

The Asia Professional Speakers Convention is the conference that turned me into a global keynote speaker.

I owe my global speaking career to this one conference

"Each time I attend the Asia Professional Speakers Convention I get a major breakthrough. The first year I closed a six figure training deal from a sales strategy I picked up. The second year I attracted a mentor who taught me how to scale up my business. Third year, I implemented an idea shared at the CSP mastermind group and more than doubled my passive income

Eric Feng

I was looking for a community and network of fellow professionals. Going to the APSS convention gave me that opportunity. Here, I met some incredible fellow speakers who challenged me with whats possible.

Lauded as a UNESCO World Heritage Site in 2015, the SINGAPORE BOTANIC GARDEN has a history of over 150 years since its founding in 1859; that's more than a century older than modern Singapore itself!

Its most popular attraction is the National Orchid Garden, which houses thousands of orchid species known as Very Important Plants (VIPs). Over 200 hybrid orchids in this garden have been affectionately named after visiting foreign dignitaries such as Nelson Mandela, the Duke and Duchess of Cambridge as well as celebrities like actors Jackie Chan, Zhou Xun and Bae Yong Jun.
